# ***Tape Adhesives***

**No-Shine**

**Duo-Pro**

**Pro-Flex II**

**Ultra Hold**

**Ultra Hold Single-Sided**

**Lace Front Support**

- Non-latex and Non-flammable
- Shelf Life: one year from shipping date
- Specifically made for hair extensions in standard sizes for most hair extension wefts.
- All tapes are available in tape tabs and most are available in special roll sizes.
- All tapes are double-sided and are also available in single-sided tape tabs.
- Tape tabs are pre-cut pieces of tape with a splice down the middle of the liner so it's easier to remove the liner from the tape. The benefit of tape tabs is that it's easier to re-apply tape to the weft of the hair extension.
- Standard-sized tape tabs are 5/16" W x 1 9/16" L (0.8 cm x 4.0 cm)
- Custom sizes of tape tabs are available upon request for an additional charge.
- A patch test is recommended to make sure the client is not allergic.
- We recommend removing all tapes no more than five weeks after install.

# Tape Adhesives

## No-Shine

- Urethane-based “unofficial” hypoallergenic tape
- Hold Time: 5-6 weeks
- Application: Stylist-friendly
- Clean-up: messier, longer cleanup time
- One of the best tapes for hair extensions
- Super flexible and strong
- Dull finish makes this nearly invisible
- Available in rolls and tape tabs

### Sizes:

Tape Tabs: 5/16" W x 1 9/16" L (0.8 cm x 4.0 cm)

Tape Rolls: 1/4", 1/3", 3/8" X 6 yards

# Tape Adhesives

## Duo-Pro

- Acrylic-based
- First differential tape designed exclusively for hair extensions
- 2 tapes fused together: Sensi-Tak & Lace Front Support Thin
- Hold Time: 4-5 weeks
- Application: Stylist-friendly
- Cleanup: Quickest cleanup on market, leaves little/no residue
- Best tape on the market for hair extensions
- Designed for dullness, holding power, and easy cleanup
- **Sizes:**
  - Tape Tabs: 5/16" W x 1 9/16" L (0.8 cm x 4.0 cm)
  - Tape Rolls: 1/4", 1/3", 3/8" X 6 yards

# Tape Adhesives

## Pro-Flex II

- Urethane-based
  - Hypoallergenic
  - Hold Time: 5-6 weeks
  - Application: Stylist-only
  - Cleanup: Moderate
  - Strongest official hypoallergenic tape in the industry
  - Super-flexible
  - Available in rolls and tape tabs
- **Sizes:**
    - Tape Tabs: 5/16" W x 1 9/16" L (0.8 cm x 4.0 cm)
    - Tape Rolls: 1/4", 1/3", 3/8" X 6 yards

# ***Tape Adhesives***

## **Ultra Hold**

- Acrylic-based
  - Hold Time: 5-6 weeks
  - Application: Stylist-only
  - Cleanup: Messy, leaves behind a lot of residue
  - Longest-holding tape we offer
  - Super-tacky and very flexible
  - The dull finish is from the fingerprint-like impressions
  - Available in rolls and tape tabs
- **Sizes:**
    - Tape Tabs: 5/16" W x 1 9/16" L (0.8 cm x 4.0 cm)
    - Tape Rolls: 1/4", 1/3", 3/8" X 6 yards

# ***Tape Adhesives***

## **Ultra Hold Single-Sided**

- Acrylic-based
  - Hold Time: 5-6 weeks
  - Application: Stylist-only
  - Cleanup: Messy, leaves behind a lot of residue
  - Used to attach single hair extensions
  - Longest-holding tape we offer
  - Super-tacky and very flexible
  - What makes the dull finish is the fingerprint-like impressions
  - Available only in tape tabs
- **Size:**  
5/16" W x 1 9/16" L (0.8 cm x 4.0 cm)  
10 sheets of 12 tabs per bag (120 tabs total)

# ***Tape Adhesives***

## **Lace Front (Blue)**

- Acrylic-based
- Hold Time: 2-3 weeks
- Application: Stylist-friendly
- Cleanup: Easy and simple using Extension Release
- Dullest-finish tape in the industry
- When it gets gooey and starts to break down, it still holds.
- Super-flexible, reliable and most popular with lace front units
- Available in rolls and tape tabs
  - **Sizes:**
    - Tape Tabs: 5/16" W x 1 9/16" L (0.8 cm x 4.0 cm)
    - Tape Rolls: 1/4", 1/3", 3/8" X 6 yards

# ***Adhesive Removers/Solvents***

**C-22 Solvent**

**Extension Release (Lace Release)**

**Weft Release (Walker Solvent)**

- These are flammable, combustible, and hazardous materials (HAZ-MAT).
- A patch test is recommended to make sure client is not allergic.
- Flammable liquids can only be shipped by regular ground or priority overnight.
- Hazardous liquids going to Hawaii and Alaska are shipped as HAZ-MAT (costly).
- Walker Solvent (Weft Release) is not allowed in California.
- MSDS sheets are available on all of these products.

# ***Adhesive Removers/Solvents***

## **C-22 Solvent**

- Our #1 selling Solvent!
- Citrus-based
- Great citrus smell
- Fastest-working skin-safe solvent we make
- Easy to rinse with soap and water
- Flammable and combustible

- **Sizes:**
  - 4 oz. Spray
  - 12 oz. Spray
  - 1 Gallon

# ***Adhesive Removers/Solvents***

## **Extension Release (Lace Release)**

- Alcohol-based
  - Non-oily
  - Natural oils are added to reduce evaporation
  - Reduced cleanup time
  - Leaves behind NO residue
  - Won't dissolve or melt tapes into a mess, peels off in one piece
  - Flammable and combustible
- 
- **Sizes:**
    - 4 oz. Spray
    - 4 oz. Drip Top

# Adhesive Removers/Solvents

## Weft Release (Walker Solvent)

- Oil-based but less oily than C-22 solvent
  - Pleasant watermelon smell
  - Being less oily, the cleanup process is quicker
  - Not the fastest breakdown solvent
  - Won't dissolve or melt tapes into a mess, peels off in one piece
  - Inexpensive, so use as much as you want
  - NOT allowed in California
  - Flammable and combustible
- Sizes:**  
4 oz. Spray  
4 oz. Drip Top

# ***Clean and Condition***

## **Extension Prep Shampoo**

Extension Prep is a residue-removing shampoo that is used before installing extensions to prepare the hair for attachment. The shampoo removes tape, glue and hair products.

## **Walker's Leave-In Hair Conditioner**

We have developed the ultimate in leave-ins! This stuff is great. It moisturizes, detangles, and is color safe. Spray on as needed for a healthier look and feel. Designed for human hair.

# *Clean and Condition*

## **Extension Prep Shampoo**

- ▶ 3-in-1: cleans, exfoliates, and breaks down any remaining residue
- ▶ Exfoliating beads help scrub off dead skin from scalp
- ▶ Used before installing extensions to prepare client's hair for attachment
- ▶ Use after extensions are removed to clean out any remaining residue
- ▶ NOT a daily shampoo
- ▶ Non-flammable

- ▶ **Sizes:**  
Flip-Top 10 oz.  
Gallon

# *Clean and Condition*

## **Walker's Leave-in Conditioner**

- ▶ Does wonders for natural hair!
- ▶ Especially popular in the Hair Extension line
- ▶ Moisturizes and detangles
- ▶ Helps to reduce frizz and dryness
- ▶ Color-safe
- ▶ Not for use on synthetic hair
- ▶ Non-Flammable

▶ **Size:**  
**4 oz Spray**  
**1 Gallon**
